

Intercede for the Nations in 2010

Intercessory prayer is one of the most valuable weapons of spiritual warfare. When we slip to our knees to communicate with God, He spiritually transforms our hearts and we send out prayers that effect change in the world in ways we could never imagine. The Bible says we “ought to always pray” and never let up. Ask the Holy Spirit to empower you with a passion for prayer and watch Him work through you in 2010.
