

Prayer and Prophecy Concerning the Cleansing of Christ's Church

While waiting on the Lord in prayer before an evening meeting in a particular city, the communications of the Spirit of God began to flow.

Following are some prayer notes transcribed from a recording of Spirit-inspired prayer in the Spirit:

“And even here, you know something is not right, and you’ve been picking it up in your spirit, but you’re not seeing anything, for it’s been masked.

“It’s very skilled at being deceptive—it’s veiled in religion, a mask of religion—and it’s only a certain kind of utterance and power that is going to break through this very strong veil of deception.”

Tongues.

“I see that, Lord, so we can’t go in light and fluffy, for it’s all disguised in that religious display.”
