

Prophecy: 5 Angels and 5 Highways of Revival

This is a word that I released on the Elijah List seven years ago that I believe is just beginning to happen now as it relates to revival in America. This encounter happened as I was ministering in San Diego with Bobby Conner and Jerame and Miranda Nelson in 2009.

Get ready for a new season of revival in America and the Nations of the Earth!

The Angel 'Breakthrough Revival' and Bob Jones

While ministering in San Diego recently, the Lord revealed to me five angels that have been released in North America to bring revival fires to key cities. These five angels will be moving along five key highways that crisscross the United States. These highways will be known as Revival Highways.

Bob Jones had a visitation in 2007 from an angel named Breakthrough Revival. This angel had 11 other resurrection angels with him and the angel told Bob he had been sent to the United States to prepare America for what he said would be the greatest revival America had ever seen. This angel told Bob that he had previously been assigned to a man by the name of Benson Idahosa from Nigeria, but he had now come to the states.

The angels of God are looking for the sons and daughters of the kingdom to start decreeing and moving in faith. As we begin to speak as God's authority or oracles on the earth, all of Heaven will come to back our words. The angels are being released to facilitate the will of God on the earth.

The angels that have been released in America are: Breakthrough Revival, Winds of Change, Healing Revival,

Great Grace and Wisdom. I've encountered each of these angels over the past few years in key meetings as we've ministered and brought a powerful release of revelation, miracles, signs and wonders. Each time I've seen them, it's been in meetings located directly off of major interstates and intersections in North America.

The five main revival highways are not exclusive in themselves, as revival fires will burn all across the United States, but the places I've seen these angels move have been off of these key highways:

The 5 Highways of Revival

1. Interstate 5 runs along the West Coast from San Diego to Canada. I saw major explosions of the glory of God and revival fires burning in San Diego, Santa Ana, Anaheim, Fullerton, Pasadena, and all throughout Los Angeles and the surrounding regions; Stockton, San Francisco, Sacramento, Redding, into Medford, Grants Pass, Eugene, and Portland, Oregon, and into Vancouver and Seattle, Washington and also Vancouver, British Columbia. Last year while ministering in Grants Pass, Oregon, I saw the angel Winds of Change moving up and down the I-5.

2. I then saw Interstate 95 on the East Coast, running from Maine to Miami, pelted with fires of revival. The cities that stood out were Miami, Fort Lauderdale, Daytona Beach, Jacksonville, Savannah, Richmond, Washington, Baltimore, Philadelphia, Newark and all throughout New York City; also New Haven, Connecticut, and Providence, Rhode Island. I saw a massive fire in Boston on the crossroads of the east where 90 and 95 meet.

Last year, I had a visitation from the Lord Himself in January as we were starting off the year at the Boston Cross Roads Glory conference. The Lord came to me during the worship service and handed me two stones—one red and the other green. He said to me, "Jeff, this nation has seen the natural

government established here in Boston, but now they are going to see My government established here in the States.” The Lord then said, “See, Jeff, My government is upon My shoulders.”

The stones the Lord had given me were the Urim and the Thummim, which were placed upon the shoulders of the High Priest. In the Old Testament, these stones would determine the precise will of God in every situation. *Jesus is the Head and we are His body and carry His government in the Earth!* Boston will burn with a fire so hot that they will come from the nations of the Earth to behold the glory of God.

3. I saw Interstate 90/94 running from Boston to Seattle.

Along it I saw cities like Albany and Syracuse, Rochester and Buffalo, New York. I saw Cleveland and Toledo, Ohio; and Chicago and Milwaukee, Madison and the Fox River Valley in Wisconsin; Minneapolis, St. Paul, and Fargo, North Dakota; I saw Billings, Montana; Spokane and Seattle, Washington—all burning with different levels and degrees of the glory of God.

4. I saw Interstate 10 running from Jacksonville, Florida, to Los Angeles, California.

Along this revival highway, I saw Tallahassee, Florida, and Mobile, Alabama. Houston and San Antonio, Texas, were burning with an intense heat. Tucson and Phoenix, Arizona to Los Angeles were all ablaze with glory fire. I believe many cities will have *invitations* to host the presence and the spirit of revival, but only some will *receive*.

5. Lastly, I saw Interstate 40 running through the middle of the United States.

Bob Jones had seen a similar vision last year and called it the **“40 Revival Highway.”** In this vision, I saw a similar thing with key regions overrun with angelic activity and explosions of the power and glory of God.

Starting on the East Coast, I saw Raleigh, Greensboro and Asheville, North Carolina, engulfed in flames. Knoxville and Nashville were some of the brightest revival flames burning on

the map, as raw hunger would be the fuel that would feed these revivals. Memphis, Little Rock, Oklahoma City, Albuquerque and back to Los Angeles were aflame.

The Lord also revealed to me other *circuitry* that would work within these revival highways and spark new life into regions as heaven invaded in days to come. The Lord showed me what He called the "Topeka Triangle" that runs from Topeka, Kansas, to Houston, Texas; then up the I-10 through Phoenix to Los Angeles; and then back to Topeka forming a revival triangle. *Topeka was key to the Azusa Street Revival.*

A New Season of Revival Is Upon Us in America

We are in a season where the waves of revival are beginning to build again—this time it will spill upon whole, corporate bodies of believers in key cities and regions. These miracle angels have been sent to America to fan the flames of revival and will respond to our faith and believing, as we gather together in expectation of the Lord.

Our sense of wonder, expectation and childlike faith will draw these miracle angels to our meetings with powerful demonstrations of the kingdom of God. As we continue to provide the fuel of love and holy awe to the moving of God, the atmosphere will become electric—resulting in mass explosions of revival fires that will burn bright for the nations to see!

The Azusa Street revivalist William J. Seymour prophesied in 1909 that within 100 years there would be a release of the *Shekinah* glory of God that would burn brighter than what took place during the Azusa Street Revival. During that revival there were incredible miracles that marveled the masses!

This Year, 2016, as most of us know, marks the 110th anniversary of the Azusa street revival. *Psalms 110:3* says, "Your people will follow you in the day of your battle."

In this new season of revival in America and the world, people will not care at whose church or center the revival is being hosted at or who is leading it. The only thing that matters is that the manifest presence of God is there and that they will be able to be a part of it. "In the day of Your power Your people will volunteer willingly."

God is preparing the body of Christ to shine with this glory that the nations would see it and come to the brightness of our rising! Isaiah 60 says that His glory will be seen upon you!

Are you ready to shine with His Glory? Get ready for suddenlies of God!
