

Prophecy: Ask Me Anything

Are you frustrated you haven't seen prayer answers? It's time to enter into a new season of prayer. I heard the Lord say:

"You will enter into a season of prayer answers when you enter a season of prayer. You will see My perfect will come into your circumstances when you pray in faith, nothing wavering. You will see My kingdom come into your life in its fullness when you start persistently asking. So ask and keep on asking. Then ask again.

"Ask and receive, that your joy may be made full. Pray bold prayers. Pray accurate prayers. Pray with the end in mind. See My will in your heart and pray My will through your mouth, then do it again and again and again. Ask and keep on asking.

"You can ask Me anything. I am listening to your heart's cries. I am working all things together for good. Keep making the ask. You will enter into a season of prayer answers after you enter into a season of prayer. Let's start praying."
