

Prophecy: Get Ready for Warp Speed

In a time of prayer just a few days ago, the Lord spoke to me and said, "Warp speed." Then I saw a series of visions of different things that were accelerating quickly. I saw all kinds of transformation moving so quickly.

I saw a plane taking off, a fast vehicle zooming down a road and a train barreling straight ahead down a set of tracks. If something moves at warp speed, it must have a direct path. If it doesn't, it will likely crash! I felt challenged by this word to ask this question: "Am I going in the right direction? Am I on the right path?"

I felt so strongly that this is not just a word for me, but for many in the body of Christ in this season. So, are you on the right path? Are you positioned to move forward in the right direction?

It is important for us to be positioned right in the middle of God's will for each of us in this season. Now more than ever, we must be walking closely with the Lord, following His leading with great focus, because God is about to accelerate many at warp speed.

When warp speed happens, it is only good if you are prepared and properly positioned for that kind of acceleration. I sense that this is a time that many prophetic promises are going to come to pass at warp speed. Prepare yourself for what God has promised you! Make sure you have everything in order and in alignment for where you know God wants you to go. This will be a year where, when you zero-in and focus, you will be able to move forward at warp speed!

God is moving and He is moving quickly! God will accelerate and advance those who are prepared. The Lord will often keep

from elevating or accelerating you until you are focused and in position because He doesn't want to see you derailed. I want to encourage you, God wants to bless you with warp speed, but get ready for it before it comes!

Many will step into the favor of God like never before. This is going to be a season for many marked by advancement in warp speed, a season full of acceleration. Don't wait for confirmation from others to move forward in whatever God is calling you to in this season. This is not a season to passively coast through life; it is time for the body of Christ to start accelerating toward the things of God. Get ready for warp speed! {eoa}
