

Prophecy: God Is Raising Up Power Intercessors

You've heard of power evangelists—and you know that intercession paves the way for successful propagation of the gospel. Look for the rise of power intercessors.

When I was in Knoxville recently, the Lord began to talk to me about power gifts in the five-fold. We hear so much about power evangelists, but the Lord wants His miracle-working power to rest on every believer.

In this next great move of God, we'll see power apostles, power prophets, power pastors, power evangelists, power teachers—and power believers. When we earnestly desire spiritual gifts as Paul said, we'll see signs and wonders following us. Power is for those who press in to God's heart of compassion to see souls saved, healed and delivered.

I believe power intercessors are undergirding all of this. I heard the Lord say:

"I am calling forth a new breed of intercessors who have in past seasons been hidden in prayer closets, petitioning behind the scenes, declaring behind closed doors and proclaiming in the secret places.

"These nameless, faceless power intercessors will emerge on the scene to change the scene with displays of the gifts of My Spirit. They will move in My *dunamis* power because they have been willing to bear My burdens and labor to relieve the suffering of those battling wicked attacks of the enemy and people under his nefarious influence.

"I am calling forth this new breed, which is not really a new breed at all. I am calling forth the power intercessors who see, hear, say, pray and operate in a dimension of My glory

that will bring solutions to the suffering.”

I believe God is mantling intercessors with power in this season. I prophesied previously about how God is mantling intercessors with boldness. I believe that boldness is necessary to step out in confidence and release the power of God, not just in the prayer closet but in the highways and byways of the nations.

Power intercessors, God is giving you permission to step out and do the greater works. The power is not reserved for evangelists or apostles. The power that raised Christ from the dead dwells in you.
