

Prophecy Released During Prayer: Your Breakthrough Will Be Unchartable'

Many of the prophetic words I receive from the Lord are during our corporate prayer time. I love corporate prayer. I love to gather with other believers and seek the Lord together. Recently, in a time of corporate prayer, the Lord spoke to me the word "unchartable." This is not a word you hear every day, so it intrigued me. As I continued to seek the Lord, He began to speak to me about how the heart of any good father is to bless his children. God is the same way because He is a good, good Father!

The Word of God tells us that we will find God when we seek for Him diligently. The Word also says in Hebrews 11:6b that God "is a rewarder of those who diligently seek Him." The Lord spoke to me that many people have been praying and seeking the Lord for many seasons, believing for specific things to come to pass. God is about to pour out a blessing for His people, and the blessing will be so great that you will not even be able to explain it in human terms. The blessings are going to be unchartable.

Think about a chart. It's a measurement of something. A chart normally shows the measurement of an increase or a decrease. Charts show the size of things. But what God is about to do is going to be so miraculous, the reports are going to be so good, and the blessings are going to be so great, that it will be unchartable. Many have been waiting for an increase in health and healing; your healing will be unchartable. Some are believing for the marriage to be restored, or their business to increase or their promises to be fulfilled. I'm telling you, my friends, whatever you have been diligently believing for is about to come to pass. It will be unchartable!

I was speaking with a lady the other day who had been praying for her son to come back to the Lord and start going to church again for many years. He recently came back to the Lord, but he didn't just start coming back to church. This mother was getting ready to go hear her son preach at a conference. What she was asking for and what God actually did was so much more. Her breakthrough was unchartable. I've heard of many people who were believing for a job, and instead of just being hired at ground level, they were given great positions, even management! The blessing of the Lord is unchartable.

One thing we must remember is that when God blesses His children, it is because He loves us. But the reason He is going to bring unchartable blessings is not just for you. It is also about every person around you. When you get a kingdom blessing, understand that the blessing needs to be shared with those around you. My friends, you must realize we have a God who loves us and wants to bless us. And I know God spoke this word to my heart so strongly that many are believing for great things from God, but the greater is coming. The unchartable blessing is coming. Get ready for a season of unchartable blessings!
