

Prophecy: 'There Will Soon Be an Explosion of My Power!'

I said to the Lord on Sunday morning, "The gunshots we are hearing daily on the news are so grieving." The Lord said, "There will soon be an explosion of My power that will be heard around the world that will bring salvation to everyone who believes: first to the Jew, then to the Gentile. This explosion will interrupt news reporters and the media."

What I sense I am seeing is only a part of what this explosion will do.

A great light will accompany this explosion, piercing gross darkness in the hearts of men. This explosive power will blow the scales off the eyes of the Jewish people, and they will run like prodigals to the mountain of the Lord. The sound of a shofar will roar like a lion, calling them home.

This great light will penetrate war zones, releasing the angel armies to war with heaven's most powerful weapon: God's love. I heard that familiar voice conversing with terrorists saying, "Why do you persecute Me?" (see Acts 9:4). Some angels were causing guns to jam and bullets to disappear, as a light brighter than the sun brought instant healing to their hateful hearts.

Certain areas of war zones became "fields of altars" as many blinded by the light were crying out, "Lord, what would You have me to do?" Many were surrendering to the Lord on the battlefield.

'Miraculous Testimonies' Surrounding Soldiers on the Battlefield

Angels were protecting some of these soldiers until the light broke through. Some died in battle. But as that bright light

shone on their corpses, it was like someone had breathed life back into them, and they stood knowing they were new creatures. Hatred was gone and God's love had come.

Soldiers on both sides of the battlefield were being visited. Some soldiers, seeing their comrades who had died but were now alive, were in shock as the fear of the Lord came upon them. At first, the enemy tried his best to keep these testimonies as quiet as possible. But all the demons and powers of hell could no longer hold them back. For they were now overcoming the enemy by the blood of the Lamb and the word of their testimony.

Journalists and news reporters at first were struck with unbelief as these miracles began to reach their ears. But as they kept hearing these unusual events, believing began eroding their doubts as soldiers reported seeing Jesus and were being healed of their battle wounds. Curiosity caused many journalist and reporters to listen to the rest of their stories. Slowly but surely, these unbelievable testimonies began breaking into the media and news outlets, touching the viewers and the readers of the late breaking news that could no longer be ignored.

God Says, 'Pray, Forgive and Bless'

I asked the Lord, "What caused this shift and turning in the hearts of men?" He said, "It's the prayers of My remnant in the earth who are praying with forgiveness in their hearts and blessing their enemies in the time of being persecuted for My namesake because that is My will.

"Praying, forgiving and blessing releases My Spirit to move on anyone. Many of My people have chosen which enemies to pray for and have decided which enemies are too far gone to be saved. But those who are filled with My love know that the real enemy is Satan, not flesh and blood; therefore, no one is too far gone."

If you think the terrorists are too far gone, read the story of Saul (see Acts 9), whose name became Paul, who wrote much of the New Testament. God wants to change many more names!

“Keep praying, keep forgiving and keep blessing in My name. The fuse has been lit.” {eoa}

Humility and humor characterize his ministry as he brings forth a fresh word that is “in season,” proclaiming the word of the Lord. The shofar, or ram’s horn, is often used in his meetings, breaking the powers of darkness over regions, churches and households. The shofar represents God’s breath blowing into the nostrils of His people, reviving them and awakening the lost.
