

Prophet Says, 'We Are Watching the Collapse and End of America'

Spirit-filled pastor and prophet Tom Hughes says that, with the election of Joe Biden as president of the United States, the door has been opened wide for Bible prophecy to be fulfilled as we are methodically headed toward globalism and a one-world government.

The lead pastor of 4/12 Church in San Jacinto, California, says worldwide events are happening quickly to reach that point. Vladimir Lenin, former premier of the Soviet Union, once said, "There are decades where nothing happens; and there are weeks where decades happen."

Right now, Hughes says, we are definitely in the middle of the latter.

"Prophet Daymond Duck wrote, 'These are perilous times,' Hughes says. "He also said, 'Anyone who says that President Biden is qualified to lead the U.S. or the free world is lying or uninformed. The calls to revise or reset global governance and replace them with leaders from a handful of nations, 10 kings, will grow louder and louder.'

"He is pulling that from the book of Daniel and the book of Revelation where there are going to be 10 leaders who are going to appoint their leader, the Antichrist," he adds. "I agree with Daymond Duck in that we are watching the collapse and end of America. Anybody can look at Biden and know he's not in charge. He doesn't know what is going on. He was intentionally put into that place so that these globalists can achieve their plan. It used to be that standing in their way was the United States of America. No more is that a problem.

“I look at the rider on the black horse in Revelation, and I think about the collapse of the economy where you’ll have to pay a day’s wages for a loaf of bread,” he adds. “It’s going to be global, and it’s going to be big. But I believe that will come after the rapture.”
