

Prophetic Word: The Lord Says His People 'Will See My Judgment Rendered'

I Am will "loose the hounds" who will hunt the financial trails, tracking the monies you have sown corrupting the powers in politics, justice, law and order. So much wrong has been done to My people, and I will *not* allow it to continue.

The meltdown begins. Sorry Soros, your funds shall take up wings and suddenly fly away.

You've Waited Long Enough

I see my people beginning to doubt justice will ever be served! Very soon they will see My judgment rendered with a strong measure of vengeance. This will calm their nerves.

Be watchful and patient. The months of spring will bring a letter of recommendation that will sweep out what has been stuffed under the rugs. The pile of hidden crimes is swelling with deceit.

I will cause an unforgettable alarm to be blasted from Washington, D.C., that will be heard around the world.

As helicopters hover over the FBI, CIA, NIC and FTA, special forces armed in tactical gear slide down ropes in stealth mode. Entering in with lightning speed, these gifted soldiers will extract the evil bumps out from under the rug. Like sweeping brooms, they will clean out the rat's debris.
