

Randy Clark: At Least 10 Percent of People Who Watch This Video Will Get Healed

On an episode of *Sid Roth's It's Supernatural!*, Randy Clark screened a video and said that 10 percent of all people who saw the video would be healed that day. He told Roth, "I believe that out of the million families or households that have the ability to watch this in the next week, at least one-tenth of you are going to receive a healing during this program today. Not a year, not a month, not a day afterwards, but even today." Watch the video [here](#).
