

Rich Wilkerson Jr. Declares God's Miraculous Power Over Infertility

Rich and DawnChéré Wilkerson, pastors of VOUS Church in Miami, struggled with infertility for eight years. But in 2018, God worked a miracle and the Spirit-filled pastors had their first child, a boy named Wyatt Wesley Wilkerson. Rich Wilkerson Jr. opened up about their journey through infertility—and God's miracle-working power—in a speech at Liberty University's Convocation.

"2018 was the best year of my entire life," he said. "There's a lot of reasons for that, but the biggest reason is some of you have followed my wife and my journey a little bit that my wife and I, we went on an eight-year infertility journey, spoke to doctor after doctor, and so many of them said it was going to be almost impossible for us to have the child.

"But I bring you good news on this Wednesday that after eight years of trying, we still served the God of the impossible. We still served a miracle-working God. Because in January of 2018, my wife gave birth to our firstborn son. Can we go ahead and give God a shout of praise that He's still working miracles?"
