

Speak the Word to Yourself

✖ Princess LaVear was enjoying life until a business venture that went bad sent her into depression. She said instead of taking antidepressants, she found healing in quoting God's promises from the Bible. And in 2005, Princess created the biblically based *Self-Talk From the Scriptures* to help others overcome life's problems. These CDs address issues such as peace and joy, success and prosperity, healing and more. Want to hear what the Bible has to say to you about worry and fear? Click below to listen to the SpiritLed Woman eMagazine podcast.
