

Spirit-Filled Pastor Prophecies, 'We're Headed for the November Surprise'

Dr. Francis Myles joins Steve Shultz on *ElijahStreams* to discuss the prophetic word the Lord gave Myles concerning the remainder of 2020 and the election in particular.

"The Lord said to me 'Francis, when this Rosh Hashanah hits, you're going to hear the voice of the Lord. Your God is going to speak Himself to nations, in this year He's going to speak over these elections,'" Myles says. "God is going to bring Trump again back into the White House. God is not done with Trump. I don't care what you do, what you say—there is another big miracle in November."

Myles continues with a prophetic word concerning the witchcraft attacking the Black community, Biden's health and what the Lord told Myles is the "November surprise."

What is the anointing spirit in both the natural and supernatural realms Myles says is necessary for the next president?
