

The Four Faces of Leadership

Leaders face challenging situations all the time, and we are called to face them in different ways. We simply cannot lead the same way in every situation or circumstance. We must adjust, pivot, adapt and shift the way we interact with the problem or opportunity in front of us.

Looking at the life of Moses—an incredible supernatural leader in the Bible—we see that his leadership looked different during various seasons of his life.

I believe, as we continue to come face-to-face in this season with the obstacles and opportunities before us, we may have to show or express a different side or “face” of our leadership.

In Episode 21 of the *Supernatural Leadership Podcast* on the Charisma Podcast Network, Shawn Gabie dives into the four faces of leadership expressed in the life of Moses. This episode may just help highlight for you a clearer picture of how your leadership should be expressed and lived out in this season. Listen today. {eoa}
