

Grace So Amazing

Denise Matthews has battled kidney failure, hypertension and other illnesses, and says her current health issues are the result of the sinful life she lived as a young adult. But today Denise, the former girlfriend of singer Prince, has a message for the body of Christ: Sin produces physical death and spiritual separation from Jesus, and its consequences are far-reaching. But she knows from personal experience that the grace of God is more powerful than the enemy's grip. Listen to podcast.
