

The Making of a Hero

Read Time: 2 Minutes 19 Seconds

The world is in an era laden with witches, wizards, sorcerers, demons and goblins. Spiritual warfare, crime and crime dramas all set the stage for one to appear, and one has.

History is filled with heroes from all walks of life. They are the stuff textbooks, novels and fiction are made of, and this generation is no different. High-power wickedness manipulates social consciousness in the unending battle between good and evil.

So, what is a hero? Stories recount bold, courageous souls defying the odds, pushing back on injustice and fighting for rights coming to the world stage. Today, first responders, emergency service people and others who cheat death and free entangled victims are labeled heroes. Dictionaries record a hero is a person who is admired or idealized for courage, outstanding achievements or noble qualities.

He faces hostility from the public, and assaults from a spiteful government. Few leaders ever had to withstand such conditions and it all began before he was elected. His election shocked millions, especially the powers that resent him. From the moment on election night that he was declared president, the mainstream media began spewing venom over his election. As far as can be seen, his crime is wanting to make America great again.

President Biden charges Donald Trump with threatening our nation's democracy. While Biden fumbles through his story, Trump's story plays out daily on the world stage.
