

The Mark of a Changed Life

When the demoniac of Gadarene saw Jesus coming, he ran and worshipped Christ (see Mark 5:6). The man was instantly healed when Jesus commanded the legion of demons that had possessed the man to leave and enter a nearby herd of swine. The Bible says when the residents saw him, the man was “clothed, and in his right mind.” One personal encounter with the Lord can change your life, no matter what your past mistakes, economic standing or mental state. Jesus still wants to change us. Watch the video below.
