

# **The Only Way to Reach Abused Women in India**

Find out how God is using female missionaries to reach abused women in Asia with Christ's message of hope.

These missionaries work with Gospel for Asia (GFA) in order to share the gospel of Jesus Christ with underprivileged women in Asia, specifically India. In India, women as a whole are looked down upon as inferior, creating great distrust when male missionaries try to reach Indian women for Christ.

Watch and see what God is doing through these brave women, no matter what the cost!
