

The Supernatural Continues to Break Out During War in Ukraine

According to a CBN News report, Ukrainians are telling stories of divine intervention as the Russian invasion continues.

These reports are in line with a prophetic word I released just before war broke out in Europe, urging intercessors to pray. God said He would show up and show out.

On today's episode, we are going to report some of the miracles happening in Ukraine, and let the prophetic word I released on the eve of war encourage us to continue praying.

Psalms 133 (NKJV) reads: "Behold, how good and how pleasant it is for brethren to dwell together in unity! It is like the precious oil upon the head, running down on the beard, the beard of Aaron, running down on the edge of his garments. It is like the dew of Hermon, descending upon the mountains of Zion; For there the Lord commanded the blessing—Life forevermore."

There is a power in unity that attracts God. And, remember, President Zelenskyy is Jewish—one of only two Jewish heads of state in the world. It seems, like Esther, he was called for such a time as this.

I believe Zelenskyy understands this psalm and understands the history of Israel. I believe he has faith in divine interventions, even this week reminding the world that God is in control. Zelenskyy stated "Instead of forgiveness, there will be judgment."

I agree with Zelenskyy. I heard the Lord say, "Putin will pay."
