

Tim Tebow Says He's Only Alive Because of This

"My mom decided to trust God, and that's the reason I'm here today," Tim Tebow said on a recent interview with Mike Huckabee, sharing how his pro-life beliefs were shaped from birth.

Tebow shares how after a tumultuous pregnancy, one of the doctors who helped deliver him marveled at the future athlete's birth. In his 35 years of experience, this doctor said, "This is the greatest miracle I've ever seen."

Now, as an advocate for the unborn and someone who stands by his convictions in the face of adversity, Tebow is using his platform to encourage others with a message of hope.

He recently spoke at the 2021 virtual March for Life, at which thousands stood for the right to life for the unborn.

And Tebow's new children's book, *Bronco and Friends: A Party to Remember*, echoes the same themes he stands by in his pro-life efforts: "Every single one of us is created in love, by love and for love, and the God of this universe has a great plan for us."

Watch the full interview here to learn how Tebow's desire for all children to know they are God's masterpiece influences more than just the theme for the book.
