

‘Unplanned’ Premiere Likely to Draw 1 Million for Largest Pro-Life Rally Ever

Every year, more than 2 million babies are aborted in Pakistan. That means future doctors, lawyers, teachers, scientists, artists and entertainers will never get a chance to fulfill their God-given destinies. There is good news! You can change that. With your help, history will be made in Pakistan.

In October 2019, Eternal Life Ministries will hold a gathering of up to 1 million attendees to premiere the powerful pro-life movie *Unplanned* in Pakistan. Hosted by a cast member from the movie, the event will be broadcast live on ISAAC Television to over 70 countries in the Middle East, Asia and other nations around the world. This occasion will mark the largest pro-life rally and movie release/viewing of all time

This gathering will serve two important purposes: to bring the gospel of Jesus Christ to the unsaved and to end abortion in the nations of the earth. Through the message of *Unplanned*, viewers will hear the truth about the evil of abortion and the hope of Christ. After the movie premiere, the gospel will be preached with a call to repentance. Hundreds of thousands of individuals will be impacted. By partnering with the vision for this event, you can end abortion and bring the gospel to the nations. We believe this would be a powerful story to present on your network to be a voice for many voiceless babies in Pakistan and throughout the world.

Pastor Anwar Fazal oversees Eternal Life, the largest evangelical congregation in Pakistan, with more than 30,000 people. Over the years, the prayer festivals hosted by the ministry have been used to touch a multitude of people, with

the largest attendance of an evangelical meeting of 1.4 million in Pakistan! As a result, hundreds of thousands of people have experienced healings from various diseases, resulting in an unprecedented amount of deliverances and salvations. The *Unplanned* Pakistan movie release will combine the power of film and the Word of God to speak to the hearts of millions in South Asia to end abortion.
