

V1 Church Releases EP on Ever-Present Nature of God

V1 Worship has taken a step forward during a global pandemic as they release their first EP entitled *Phase One*.

Destined to speak out as a new voice in the world of Christian music, V1 Worship is an eclectic ensemble of New York City and Long Island's former punk and metal celebrities, V1 Church pastors and some of the most anointed singers you'll ever hear.

Under the cover of V1 Church and lead pastor Mike Signorelli, these talented musicians have become a growing force in the Christian music scene since the church was founded in 2016.

Now, in 2020, V1 Church has launched its own record label, called V1 Music, with the intention of creating a runway for other emerging talent to find their way onto the mainstage of the world.

"Never Been Far" is the first original single debuting from the *Phase One* EP and V1 Music.
