

WARNING: This Sermon Could Soon Be Illegal in California

As pastors in California are wondering what the next step is, God's Word is crystal-clear: Preach the full counsel of God.

Pastors ... make no mistake about it: We play an enormous role in shaping the direction of the country. We can no longer remain silent while sin goes unchecked.

Deep repentance must take place at the individual and national level; our consciences have been seared. Our job is to preach the totality of God's Word, including those things that are hard to hear, so that both conviction and comfort take place. Change will not occur until we confront sin rather than hide from it. "We need more prophets in our pulpits and less puppets" –Leonard Ravenhill.
