

WATCH: AG Pastor Illustrates the Redemptive Power of Being Continually Spirit-Filled

Pastor Choco De Jesus gave a powerful illustration of the Holy Spirit's power during a sermon earlier this year. He brought up various liquids on-stage to mix together to represent the contents of a person's life, including water (the Holy Spirit) and vinegar (secret sin, which looks just like water but isn't). Then he shows how the Spirit can redeem and transform even the worst individual. Don't miss it.
