

WATCH: New Documentary on America Releases at Faith Leaders' Convention

The virtual Western Conservative Summit premiered the moving Centennial Institute documentary, based on the state of the nation and its relationship with God, or rather, lack thereof, on Oct. 10.

America! America! God Shed His Grace on Thee offers commentary from conservative icons and pillars of America's faith community like Alveda King, Ben Carson, Dennis Prager and Ben Shapiro on how America has strayed from its biblical founding.

The documentary is directed by Nick Searcy and Christopher Burgard. Searcy is an American film actor and the director of the feature film, *Gosnell: The Trial of America's Biggest Serial Killer* (2018).

Burgard is an award-winning filmmaker and co-founder of Little Bonanza Productions, LLC, who, along with his wife, Lisa, created and directed the documentary, *Border: The Divide Between the American Dream and the American Nightmare* (2007).
