

WATCH: Pastor Jack Hibbs Gives Stern Warning to ‘Woke’ Pastors

“We must admit that these things that we hold dear are things that You have always been: righteousness, freedom, liberty, love, kindness, forgiveness, love, grace, mercy, salvation,” Pastor Jack Hibbs says to the Lord as part of his opening prayer before he speaks at AmericaFest2021, a Phoenix, Arizona, event sponsored by Charlie Kirk’s Turning Point USA.

“Every time we see a reawakening, it’s the returning to the Word of God,” he explains, addressing the crowd, some of whom admittedly are not Christ-followers.

Hibbs also adds a word of warning for those pastors who have bought into the leftist lies of today’s culture: “Woke pastors either need to change their biblical worldview or go look for another job. You either need to stand up or get out.

“But by all means, we need to get back to the Bible, back to the Word of God again,” he says.
