The "Increase" podcast sat down with Redding residents to share the incredible, miraculous testimonies people experienced while flames scorched their community.

Kyle and Kelin said they saw the fire race up the mountain to their home.

"One of the signs they told us to look for was billowing smoke," Kelin says. "As soon as we saw that in the evening, we knew the fire was close."

As they evacuated, they were aware this could be the last time they saw their home intact.

But God.
