

# Where I Find You Kari Jobe

Kari Jobe, one of Christian music's best-selling female artists, released her sophomore album, *Where I Find You*, in January.

The CD features "We Are," a current radio hit that Jobe describes as a "song of commission for us as believers to be reminded of what we've been called to and that is to impact people's lives in everything we do." The two-time Dove Award winner's mostly upbeat project is a glorious expression of God's love.
