

Why You Can't Expect a Book-of-Acts Faith Without Serious Suffering

Do you hate your suffering?

Revive Israel's Asher Intrater says you don't have to. On the contrary, suffering is one of the key principles in the foundation of the Christian faith. Not only that, but it can lead to the greatest spiritual growth and miracle-working faith you've ever experienced.

Intrater shares a story of one of his pastor friends who has been tossed in jail seven times for his faith.

"He was just filled with joy, filled with humility and faith, and here he was ministering to literally millions of people," Intrater says. "It gives you such a different perspective of what faith is and humility and purity of heart—and bearing fruit for the kingdom of God."
