

Will Putin's Nationalism Go Nuclear in Europe?

Russian President Vladimir Putin's nationalism is driving the war on Ukraine. I prophesied about the rise and the danger of nationalism on New Year's Eve 2021. I didn't expect it to lead to war this soon.

Nationalism is "a feeling that people have of being loyal to and proud of their country often with the belief that it is better and more important than other countries."

Nationalism caused World War I and World War II. History repeats itself.

, "Nationalism not only induces wars but, through the severity of its influence, makes compromise and acceptance of defeat more difficult. It thus tends to prolong the duration and increase the severity of wars."

I heard the Lord say, "Nationalism is going to hit an all-time high as resources become more scarce. Many nations with resources to trade will try to take pole positions and power positions but will demand more than what can be paid. Secret trade deals are being negotiated that will cause some goat nations to prosper at the expense of sheep nations. But I hate unjust scales and I will repay. Let yourselves be kingdom-minded, not nations-minded, and you will carry the authority to overturn the enemy's plans in the nations who call upon My name."

I prophesied that nations are going to begin shaking even more; but our feet must be planted firmly in the kingdom of God.

Awakening Prayer Hubs' theme this month is Wars and Rumors of Wars. Will you pray with us? Join the movement at .

Pray our hearts will be ready and steady for the times of war that lie ahead (see Matt. 24).

Pray for peacemakers that you have purposed for these times to help an increased hostile and angry world (see James 4:1; Matt. 5:9).

Pray to shut down wars that can be prevented and to mitigate the impact of the enemy's work in the earth for the sake of souls (see Matt. 24:6-8).
