

Woman With Multiple Sclerosis Healed at Mario Murillo Tent Crusade

Only the power of God can heal, as this woman in Mario Murillo's Living Proof Crusade Sacramento found out Wednesday evening.

After a visit from Jesus earlier in the day at her home, the woman came to the tent crusade expecting a miracle. She received a supernatural experience and can now move in ways she couldn't before.

Multiple sclerosis is a debilitating disease in which the insulating covers of nerve cells in the brain and spinal cord are damaged. MS results in cognition problems (anxiety, depression, limited critical thinking, learning and planning), fatigue, hearing impairment or loss, mobility problems (dizziness, vertigo, lightheadedness, coordination issues, tremor) and muscle problems.

"This afternoon, Jesus visited you and told you that every last symptom of this disease will disappear," Murillo said to the woman. "I rebuke multiple sclerosis in the name of Jesus. Somebody needs to rejoice in the Lord."

Watch this video as the woman regained total balance and coordination in her body. "Only Jesus Christ gets the glory," Murillo said. {eo}
