

Yes, Lauren Daigle Just Sang Her Ezekiel-Inspired Song on 'Ellen'

Christian artist Lauren Daigle is taking the world by storm—the secular world, that is. Her album debuted at No. 1, and she easily rose the ranks in charts to beat out top artists like Drake, Ariana Grande and more.

She's so popular that Ellen DeGeneres—yes, that Ellen—invited the worshipper to perform on her show. DeGeneres then sent each audience member home with a copy of *Look Up, Child*. Check it out.
