

Deliverance Minister: 3 Points to Conquer Fear

Fear is running rampant in the earth. People are anxious about everyday life, financial uncertainty, the government and the spread of coronavirus.

But that doesn't even include our normal fears such as health concerns, family members and fears of storms, heights and other fears people experience.

Fear is a tormenting spirit that plagues your mind, shuts you down and locks you up. The battle is in the mind and mind-binding spirits give us quite the battle. How do we conquer these demonic tormentors when we seem to be taken over by them?

Casting out more than a demonic spirit of fear is key. Fear co-labors with many other strongholds. The Holy Spirit told me years ago to conquer my fear and live in faith, so I can assist others. One of the main keys to conquering fear I discuss in this podcast episode and my free e-course. I am passionate about helping you conquer your fears because freedom feels good, and I want you to feel good, free from fear.

In the ministry of deliverance, we must look beyond the surface. Simply casting out a spirit of fear is not enough. We must root out and gut out the strongman of fear, which is a mind-binding spirit. Speak and decree, "Mind-binding spirit get out, in Jesus' name." Believe you will receive your complete deliverance as you close doors to the enemy and evict spirits from your soul.
