

How You Can Be Free From the Bondage of Soul Ties

A soul tie is an agreement you have entered into from your past, knowingly or unknowingly. And the enemy can use ungodly soul ties to hold a person in bondage, tethering them to relationships from their past.

Ungodly soul ties can be created in several ways, such as through sexual relationships, witchcraft, corrupt companions or coercive and controlling parents or churches. Sometimes, these soul ties are secured through pornography or certain music.

Ungodly soul ties exist when one person exerts control over another's soul. Familiar spirits frequently transfer through such soul ties.

In this episode of *Setting the Captives Free* on the Charisma Podcast Network, we'll cover how to be set free from sinful sexual activity, discuss the consequences of such sexual behavior and how it can and will affect us until we repent and break these unholy covenants.

There is nothing too difficult for our God. You can be free.
