"I was speaking at the congregation," Cahn says, "And I'm speaking on the mystery that ordained that there would be an attack on Israel. It would be in the year 2023, it would happen in October of 2023, it would catch Israel by surprise, it would be a calamity, it would happen on a Sabbath day, it would take place on a Hebrew holiday, it would happen on the first Saturday of October of 2023. That is what the mystery ordained. I shared that; the next morning it happened."
