

Signs and Symptoms of Demonic Manifestations

How can you tell if a person is manifesting a demon? We need to look at and study character traits, habits, motions or actions that are unlike them or are abnormal.

When you are still waiting for your spiritual discernment to increase, you can take the knowledge you have obtained and use it for natural discernment.

In chapter 3 of my book *Discerning and Destroying the Works of Satan*, I include three different lists of types of demonic manifestations. Try self-evaluating by asking yourself if you have ever experienced one of these manifestations.

Experience self-deliverance by breaking agreement and casting out demons that may be infiltrating your soul. (Pre-order my upcoming book, *Unshackled*, on Amazon for a complete pattern of how to self-deliver.)

Beyond that, spend time in prayer and break agreement with how you think deliverance should look. Ask the Holy Spirit if you have any legalism that needs to be removed so you can receive your deliverance. I recommend you stop watching horror movies and movies about deliverance that can impact your views and beliefs. (Media can also open the door to demonic influences. Be careful what you allow into your soul.)
