

The Spiritual Fight for America

There is a battle going on over our nation. In America today, our constitutional rights, freedoms and Judeo-Christian values that we hold dear are at risk. In the latest episode of *Truth Talks*, Pastor Ché Ahn unpacks how believers are called to stand for America's apostolic destiny even as the enemy is trying to steal our legacy as a nation.

In this critical hour, the church must take action. Pastor Ché sheds light on the way Satan is working overtime to destroy the values that have made America great for over 244 years. No nation is perfect, but Jesus called us to "disciple nations" with the truth of God's Word (Matt. 28:18-20). Since its founding, the United States has played an important role as a society with Christian values and as the top mission-sending and mission-giving nation in the world.

In the Bible, the book of Exodus lays the groundwork for a successful society with the Ten Commandments, and a central key to all ten is the command not to steal. You don't want to miss this message as Pastor Ché Ahn applies the words in Scripture to our culture today with eye-opening insights and practical steps we can take to transform society.
