

WATCH: Prophet Tells All About Church's Demonic Manifestation

In a reaction video, Kap Chatfield shared the powerful story of how an entire church—including the pastor—all manifested demons at the same time.

The video, which centered on Tomi Arayomi's account of being a guest speaker at church, came with some very specific directions from the Holy Spirit. When Arayomi arrived, the Lord told him not to lay hands on anyone there.

"He started to see everybody begin to manifest demons," Chatfield says.

Arayomi recounts in the video how he and his assistant went to London and were praying for four hours, since the Lord asked him to bind every demonic spirit that he would encounter at the meeting of this church.
