

Be Taught in Your Church's Bible School by the Most Influential Voices in Ministry

The International School of Ministry (ISOM) is the World's largest video Bible school. It was developed with one main goal, to help churches disciple God's people to maturity and to help pastors affordably develop leadership in the local church.

The concept behind the program was to draw more than 30 godly and mature teachers who are globally recognized for their fruitfulness in an area of ministry and to capture their life messages and impartation for a new generation rising up in the body of Christ.

That's why ISOM uses Jack Hayford to teach integrity, Reinhard Bonnke to teach evangelism, John Bevere on the bait of Satan and Robert Morris to teach on the blessed life.

Take advantage of ISOM and see disciples and leaders grow in your church.
