

Ken Burns' Vietnam documentary doesn't have the rest of the story

An amazing report from Vietnam arrived last week just as we were leaving Sao Paulo, Brazil. Our great friend, whose name I won't mention for safety reasons, is ministering *Maximized Manhood* across that nation with great power and tremendous results! He wrote the following:

We have just completed three great conferences for ministry to men in the highlands of Vietnam. The leaders and pastors have received the ministry of Majoring in Men with great excitement. Here are photos of our meetings.

Listen to this: These men are doing the work! Without outside resources, with just the training and resources Christian Men's Network (CMN) has provided, these mighty men are making ministry happen and having tremendous results.

Measurable, reproducible, sustainable men's ministry—that's what CMN has produced for 40 years. And we've done it all over the world!

Doing the hard work is a core value of CMN. Reaching men wherever they are is what we do. This is the center of our world—making Jesus Christ alive in the hearts of men.

The report continued:

Please continue to pray for us in this ministry so that we can win more men for His Kingdom. By the way, would you come this year to train us more? We're long to see you here. God bless you.

Around the world, every day, brave and courageous CMN men are doing great work.

Please pray for your Christian brothers in Vietnam, in other persecuted countries, and in Europe, Africa, Central and South America, where men are working hard, sacrificing greatly for the cause of Christ. May the Lord grant us all safety, favor and great success.

Meet brothers like these warriors in Fort Worth, Texas, this November. Men who are willing to reach other men. Men who are motivated, filled with the power of God and men who don't care if there are obstacles. We just go. [Register here](#).
