

Rend the Heavens and Come Down!

When God rends the heavens, there is an open manifestation of His presence and power. His breakthrough creates dramatic change, and opens the way for the blueprint of heaven to be established on Earth. Biblically, Pentecost was a time that the heavens were rent, and I believe the Lord longs to intervene with His Spirit during this Pentecost season.

Come and celebrate Pentecost 5776 with us on June 10-12 at the Global Spheres Center in Corinth, Texas! There is no charge to enter into this powerful time of breakthrough, whether onsite or via our live webcast.

Pentecost is an amazing part of God's cycle of blessing, and there is great power when we come together at His designated times to celebrate what He has poured out. Pentecost is a celebration of God's physical provision (the harvest), the giving of His Torah on Mount Sinai (the Word) and the outpouring of His power to the early church (the Holy Spirit). This is a season for a great outpouring of God's glory, and for the harvest to spring forth!

As you can see in this video, we have an incredible team of ministers to help us enter this feast, including Barbara Yoder, Dutch Sheets, Isaac Pitre, Kent Mattox, Norma and Martin Sarvis, Peter Wagner and Robert Heidler.

I hope many of you can find your times to join us as we begin on Friday night and continue through Sunday morning. May your hearts be prepared for increase and dramatic change during this time of rending the heavens!

Blessings,

Chuck D. Pierce
